Edition 57

**Mounting
Solutions**

Supporting You

Welcome to the Unicol Catalogue

Our comprehensive range of AV equipment mounts is available ex stock and offers unrivalled flexibility. Order either as standard assemblies or in component form to suit your own requirements. We also offer an efficient service in the manufacture of custom made items, from 'one-off' specials to large scale projects for corporate users. – Call us today or visit our website!

UNICOL Europe

Unicol's solid design principles, driven by a passion to supply safe, cost effective, adaptable and dependable mounting solutions has been at the heart of our 55 years serving the AV industry.

Welcome to UNICOL Europe.

Established in 1963, UNICOL has been at the forefront of design and manufacture of AV support equipment and for over fifty five years has remained true to the principle of innovating robust, versatile and dependable products. The UNICOL product range includes stands and trolleys through to ceiling, wall or floor mounting solutions for projectors and large format displays. Powered trolleys, video walls, lecterns, presentation units and collaboration tables are also available. Modular interchangeability combined with neat appearance is the theme running through all the product ranges with emphasis on safety and ease of installation being paramount.

You will find a range of new products in this edition and our experienced team are ready to support you with your next project.

John Knight
Managing Director

Our 45,000 sq ft Oxford factory dedicated to the production of AV mounting solutions brings together design, development, testing, manufacture, despatch, sales & support, all under one roof.

UNICOL UK

UNICOL products have been designed to meet BSI installation specification standard BS8590. All goods are sold subject to the Companies terms & conditions of sale, a copy of which is available upon request or can be downloaded from our website www.unicol.com. VAT will be charged at the prevailing rate at time of invoice. Mechanical items have a 10 year design & manufacturing warranty. Electrical parts are covered by a 12 month return to base warranty. UNICOL products are the subject of continuous development and we reserve the right to improve designs or change specifications without prior notice.

Products and prices listed in this catalogue are correct at time of going to press (Issue 57 - 2020). © Peter Ligertwood 2020.

NEST-STAR® Nesting Trolleys

A complete teaching assistant on wheels that can be deployed quickly and neatly stowed when not in use.

This robust trolley supports your displays and securely houses your favourite PCs and controllers. The standard trolley comes with a plain mast. However, we understand that choice of equipment is important and will customise the rear or front of the mast section with a 300 x 300 x 100mm cable/keypad pocket and standard double gang wall plate & cable assembly at an additional cost. (Please call us for a quote). Handles are provided for ease of movement as standard.

These trolleys can quickly turn an empty space into an effective student e-learning environment. Whilst Sinterflex Black is the standard colour, other bright & bold finishes are available.

- * Robust modular construction
- * Easy to assemble and install
- * Quick and easy deployment
- * Customisation available
- * Secure storage for players / PCs
- * Standard black with colour options
- * Fast turnaround delivery 5 - 7 days

Order Code

NST1 For up to 70" screens (Trolley only - no electronics)

NST2 For up to 90" screens (Trolley only - no electronics)

Shown in various custom colours with holes cut for specific customer requirements.

* Please Note: Standard trolley comes in Sinterflex Black with plain mast. The rear / front of the mast can be customised with a cable/keypad pocket and double gang wall plate & cable assembly.

When ordering please state make & model of screen, custom option requirement and colour choice. There will be an additional charge of 18% for non-standard colours.

Axia Titan

Designed for large format or multi-screen applications, these trolleys incorporate heavier mast sections and increased base footprint to accommodate large screen sizes and heavier loads. Axia Titan trolleys come in 4 versions:

- * Fixed Height
- * Manual Easy Lift
- * Bolt Down versions
- * PowaLift with Remote

Safety Note: Safety must always be the first priority when handling large / heavy screens, which should be installed by qualified personnel using appropriate lifting equipment. Manoeuvre and position trolleys only on flat and even surfaces. Large screens may need removing when manoeuvring trolley under standard door heights.

Manual Easy Lift

Smooth 'ratchet action' for easy lifting. Practical, reliable and immune from show venue power outages!

Manual Easy Lift Trolley For Screens up to 98"

PowaLift

Electronic control & PowaLift technology combine in these versatile units.

- * Safe, smooth operation
- * Well proven technology
- * Quality, long life components
- * For screens 33 to 98 inch
- * Controllable by remote fob, cord switch or direct from your laptop – all supplied with unit

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point.

These units serve many requirements, particularly in the field of education, enabling young children or wheel chair users to interact with touch screens. 'Touch of a button' height control also makes it easy to move from one location to another through doorways.

Screen mount, hand held remote with manual switch and 4-way power socket supplied as standard.

Full cable management is provided at the rear.

0 to 90° Tilt

TL2

Smooth Powered Operation

TABLEAU+

Operated by manual switch, screens can be commanded to rise or descend smoothly through 500mm, stopping safely when required. Screen angle can be manually moved through 90 degrees and locked at any point. Standard model TL2 comes with mount & full cable management.

Order Code	
TL2	for screens 46" - 70"

State screen make & model when ordering

Dedicated Screen Mounts

Approved mounts specifically designed for each make and model of screen listed

Xactmatch mounts take all the guesswork out of ordering and installing screen mounts whatever the make or model and whether stand, trolley, wall or ceiling fixed. Our range covers all popular makes of screens and are available in landscape or portrait versions.

- * Factory designed & tested for each screen model
- * Cable entry & cooling vent positions allowed for
- * Landscape and portrait versions for all models
- * Correct screen fixings included

Xactmatch Rota Mounts

Smoothly rotate screens from landscape to portrait and anywhere in between.

Rota Mount RTM1 is designed to fit most Unicol stand & trolley models or floor to ceiling systems and can also be direct wall fixed if required. In-built safety stops allow precise indexing to both landscape and portrait positions.

Use Rota Mount in conjunction with our range of special Exactmatch slimline flat mounts, stating make & model of screen when ordering.

Order Code
RTM1 Screens up to 70" - Includes PLX mount

Tilt Version (intended for column suspension mounting - add column adapter PS7, column & ceiling plate).

Video Conference Camera Mounts

Video Conference Camera Mounts

We have been designing and manufacturing video conference camera mounts for many makes and models for many years. These units allow video conference cameras or any small item to be fixed to our stands & trolley ranges and ceiling suspension systems where a screen is used.

There are a number of models that slot into our screen mount 150 x 150mm fixing arrangements. Other models hook onto the rails of our universal mount range providing options for all installations.

The models listed here have a 360(w) x 260(d)mm standard platform and we have a huge range of custom sizes specific to camera make & model.

Can be mounted above or below the screen.

(Caution: Please check that your screen has cabling connections which allow the use of a slim style wall mount and do not protrude excessively from the rear).

Versus Mount Range

As screens become lighter it is only natural to have a mounting system that shows off the virtues of Direct and Edge Lit LED technology.

This range of screen mounts is available in wall, stand or ceiling versions, tilting & non-tilting. The ceiling version is supplied with an adapter to fit a standard column. The trolley version fits directly to a standard PS2 twin column adapter.

The wall version has ample room for services and folds down into a small package for easy stocking. All versions fit the most popular VESA fixing centres.

Ceiling Mount Version

Order Code

UNICOL PANARM™

Range of Swivel Arms

All steel, lasting quality, user adjustable joint tensioning, full swivel & tilt plus screen levelling

EU Registered Design

Compact Single & Dual arms for screens up to 32 inch

The extra versatility of our dual arm units provide increased viewing flexibility – good also in alcoves or corner situations. Unit folds 77mm to wall and reaches 460mm fully extended. Mount plate fits all small screen VESA sizes, has tilt to 10 degrees plus screen levelling fine adjustment.

Order Code

SRV Single Arm – Fits VESA 75 x 75, 100 x 100, 200 x 100

SSV Dual Arm – Fits VESA 75 x 75, 100 x 100, 200 x 100

These heavy duty (35Kg rated) swivel arms are fitted with our Pozimount universal screen mounts. Each arm version (single or dual) is listed with mounts suitable for either standard or small screen / portrait use.

EU Registered Design

HD Single arm for screens up to 57 inch

Arm fully extends to 430mm (115mm when folded flat) has full swivel & tilt plus screen levelling feature.

Order Code

PLS1X1 Fits VESA 200 x 200 to 600 x 400
(With Pozimount PZXU for most standard applications)

PLS1X3 Fits VESA 200 x 200 to 400 x 400
(With Pozimount PZX3 for small (32") screens or portrait mounting)

(For full Pozimount details see page 21)

EU Registered Design

HD Dual arm for screens up to 57 inch

Offers enhanced degree of adjustment for more extreme viewing angles – arm fully extends to 730mm (155mm when folded flat) has full swivel & tilt plus screen levelling feature.

Order Code

PLA1X1 Fits VESA 200 x 200 to 600 x 400
(With Pozimount PZXU for most standard applications)

PLA1X3 Fits VESA 200 x 200 to 400 x 400
(With Pozimount PZX3 for small (32") screens or portrait mounting)

(For full Pozimount details see page 21)

HD "Parallel Action" Dual arm for screens up to 110 inch

Robust construction for screens up to 130kg. Able to swivel left or right as well as track in and out in a parallel manner where its use in alcoves (but not exclusively) works particularly well.

Unit fully extends to 535mm. 126mm when closed. Comes complete with fine adjustment features for accurate screen positioning and has a cord release latch for locking when closed. Adjustable stops are included on the screen arms to prevent screens being pushed in at the sides – particularly useful when using touch screens.

Order Code

PLA4 Fits VESA 400 x 400 - 900 x 600
(Comes with fully adjustable arms)

Please provide us with the make and model of your screen.

UNICOL Wall Arm System

Wall suspension for screens, projectors, Guardboxes etc.

These standard wall arm units are designed for use with any of our screen or projector mounts, Guardboxes etc.

We manufacture two versions; WB1 allows direct connection of mount (using PS1 suspension adapter) and WB2 as a suspension column version. Wall arms can be fitted with any Unicol screen or projector mount listed in this catalogue.

See pages 20 & 21 for screen mounts and page 23 for PS1 adapter.

Other arm lengths (mm) are available – Call us for details.

HD "Parallel Action" Dual arm for screens up to 70 inch

Robust construction for screens up to 60kg. Able to swivel left or right as well as track in and out in a parallel manner where its use in alcoves (but not exclusively) works particularly well.

Unit fully extends to 520mm. 150mm when closed. Adjustable tilt built in.

Order Code

PLA2XU Fits VESA 300 x 300 to 600 x 400
(Comes with Pozimount PZXU)

Outdoor Housings for up to 86" screens

UNICOL pioneered the development of outdoor housings and has unrivalled experience in this specialised field. Our well proven range of housings go from small screen monitors used in harsh environments right up to the latest 80inch large format screens.

All are constructed in 1050 grade aluminium and utilise high quality temperature control components within. Screen viewing panels in impact resistant polycarbonate are incorporated as standard. Toughened or laminated glass is also available as an option.

For the Technical – housings all feature the following:

— In Landscape or Portrait —

- * Tailor made for perfect screen fit every time
- * Wide range available – 32" to 86" screens
- * IP53 rated with vandal resistant screen
- * Corrosion free for long life in all weathers
- * Light weight aluminium construction
- * Wall, ceiling or back-to-back mountable
- * Thermostatic internal heating & cooling
- * User replaceable cartridge air filtration

ADAPTA-WALL®

Patent Pending Registered Design

The installer friendly Pop Out mount loaded with innovative features.

* With standard 'Push to close - Push to open' action. Also available with remote latching system where closure with no screen contact in the case of ultra thin displays is required.

* For screens up to 45Kg with fixings; VESA 200 x 200 to 800 x 400mm.

* Full screen adjustment in all planes.

* Accurate horizontal / vertical centre line marks on all back plates for easy set up.

* For direct wall fixing or use with our video wall structure components for ceiling, floor to ceiling or floor to wall applications.

* Optional 'pull cord' security feature prevents unauthorised 'Pop out' operation in public areas or any situation required.

95mm - 350mm -

Compact Version

Order Code
VWP0

new

The compact size of this version is for screens up to 40" and covers VESA sizes 100 to 300mm Comes complete with fine adjustment features for accurate screen positioning.

Wall Plate dims: 410w x 500h
Fits VESA: 100 x 100mm 200 x 200mm 300 x 200mm

95mm - 350mm -

Standard Version

Order Code
VWP1

All Adapta-Wall mounts come with a wide range of VESA fixing sizes, complete with fine adjustment features for accurate screen positioning.

Wall Plate dims: 800w x 500h
Fits VESA: 300 x 300mm 400 x 400mm 600 x 400mm

For screens with VESA 800 x 400mm fixing points a stretched version, VWP3 is available.

95mm - 350mm -

Heavy Duty Version

Order Code
VWPHD

new

This version is ideal for single screens mounted in recesses. It has all the characteristics of the standard version but carries heavier screens up to 80kg.

Wall Plate dims: 800w x 500h
Fits VESA: 300 x 300mm 400 x 400mm 600 x 400mm

95mm - 350mm -

Portrait Version

Order Code
VWP2 VESA 400 x 600
VWP4 VESA 400 x 400

The compact (500mm) width of this version allows use of screens in portrait mode. The two models listed have the same back plate but come with two different sets of arms to cover a wider range of VESA fixings.

Wall plate 500w x 500h
VWP2 - Fits VESA 400 x 600mm VWP4 - Fits VESA 400 x 400mm

All versions can be wall fixed or used with our Adapta-Wall structure system fittings below. For ceiling suspension use (Quad) 4 column parts, (locking rings must be used - P23). For floor to ceiling / wall, use (Twin) 2 column parts.

Free-standing video wall system

Ideal for situations when quick, easy and accurate assembly is required such as hire and retail, where regular change is inevitable.

This robust modular structure is made of individual mast units that are joined with cross members enabling a 4-high display unit to have infinite width (3-high display units are also available). Cable management runs are catered for and there is adequate space for players or PCs.

Each display fixes to the VWP1 standard 'Push to close - Push to open' video wall mount capable of VESA 200 x 200 to 800 x 400, for displays up to 45kg, (see Page 32). The mount allows for tool-less adjustment in all planes by means of knurled wheels for in-out and up-down movement. Lateral action is achieved by sliding the display smoothly on wheels located in the mount arms.

- * Robust modular construction
- * Easy to assemble and install
- * Wide choice of screen options
- * Space for players and PCs
- * Discreet cable management
- * 'Push to open' - 'Push to close' mounts
- * Tool-less screen adjustment

- Call us for details

Shop Window Solutions

Ideal for retail and other applications to enable screens to be tracked in / out & from side to side, thus opening exciting possibilities for window displays, dynamic presentations, servicing needs or just access for screen / store front cleaning.

AV Roller Trak system consists of track lengths of standardised design which carry smooth running ball bearing trolley units. Standard Unicol column lengths & screen mounts complete the installation.

AV Roller Trak™

Typical roller track in window display use

- * Smooth, easy glide operation
- * Single or multiple screens
- * Wide choice of track lengths
- * Swivel or Rotamont options

Multi-screen version used to track screens in and out for cleaning or servicing when installed close to window.

Single screen version showing roller track used to move screens along the length of a window as part of a changing window display.

To order - call our technical support team for full system details, options available and advice on any project or installation being considered.

ScreenRail Universal Multi-Display System

ScreenRail™

- * Ceiling Suspended
- * Wall mounted

ScreenRail Multi-Display System

A highly adaptable rail system for mounting screens in-line, in any number. Ideal for Digital Menus, Videowalls & Telepresence, etc. Can be wall mounted and ceiling suspended. ScreenRail system comprises a choice of standard rail modules and a range of screen arms to cover all applications. Back to Back versions also available.

When selecting parts consideration has to be given to screen width & VESA fixing size. The examples of menu boards and videowalls below use **VWA** adjustable arms. We have given these specific codes for ease of ordering but we urge you to check before ordering by providing us with the make & model of your screen. Ceiling suspension examples use 1.5m columns.

Menu Boards

Wall mounted & ceiling suspended.

These kits consist of all parts necessary for fixing screens in line on a wall or ceiling suspending on 1.5 columns.

1 x 3 (wall mounted)

Order Code	Screen
MBW346	46"

Feature 15mm in-out adjustment and 15mm of levelling fine adjustment. Side to side adjustment included.

Order Code	VESA
VWA1 Landscape	400
VWA2 Portrait	600

Rail Modules

In 3 standard lengths, all with full interchangeability. Provision for bolting together as required. May be ceiling suspended or direct wall fixed, with or without tilt extension brackets (SR10 / SR20).

Order Code	mm (w - h - d)
MD2U35	350 x 235 x 33
MD2U70	700 x 235 x 33
MD2U140	1400 x 235 x 33

Other lengths of rail are available to order: 450(w), 800(w), 1000(w), 1200(w), 1700(w), 1800(w), 2100(w) – Call for details

Fixed Tilt Stand-off Brackets

Use these optional brackets to provide tilted display whenever required. 10 or 20 degree tilt versions listed.

Order Code	
SR10	10° tilt (pair)
SR20	20° tilt (pair)

Multi-Screen Gantry Systems

Spider Gantries

These ceiling mounted units are available for a wide range of screen sizes incorporating our Pozimount universal tilting screen mounts. The spider style and single column gantry versions have swivel capability and all have cable entry ports for neat installation.

By their very nature all spider style and in-line gantries incorporate parts which are factory made to suit specific requirements but all versions are available on a short turn round basis.

Call our technical support team for advice on any project or installation being considered.

Spider – triple screen unit

* We also manufacture gantries for projectors – Call us for details

Spider – five screen 'pentagon' unit

CP5 Ceiling Mount

Typically 33-57" screens

Spider five screen gantry - illustration shows typical gantry main frame. Add heavy duty column / CP5 ceiling mount (special to these gantries) & screen mounts (pages 20/21).

Order Code	
SG3	3 screen spider gantry - max weight per screen 50Kg
SG4	4 screen spider gantry - max weight per screen 50Kg
SG5	5 screen spider gantry - max weight per screen 40Kg
CP5	Large gantry ceiling mount for use with above (Page22)

Product codes & prices listed are intended as a guide as most gantry installations are 'project driven' with the make/model & number of screens as well as the location already chosen. Call our technical team who have wide experience in advising the necessary mount component 'package' to best meet the needs of your installation.

In-line Gantries

Side View

Single sided In-line gantry

Side View

Back-to-back In-line gantry

Typically 33-57" screens

Order Code	Bar Length (mm)
DIG1050	100-500
DIG50100	500-1000
DIG100150	1000-1500
DIG150120	1500-2000

Order Code	
MSS1	Bolt on socket
MSP1	Bolt on peg

In-line gantries require MSS1 sockets and MSP1 pegs (above), Single sided require PS1s, Back-to-Back PS5s (Page 22). All require Screen Mounts (Pages 20/21).

Floor to Ceiling and Floor to Wall Systems

- * Single sided and back to back screen versions
- * Cable management within column uprights
- * Floor to ceiling and floor to wall options

Below are three standard methods of floor to ceiling / wall installation. Select any of the trade kits listed (for nominal ceiling heights of 4m).

If the kits do not meet your needs order in component form as required. To enable adjusting heights of screens at installation, long column lengths can be ordered separately with standard adapters. If services are from the floor use ESF or AVF floor plates (Page 22) for cable management.

CTT150 Twin Column

Universal Sliding Serviceable Cassette Mounts

The Sliding Serviceable Cassette Mount range consists of wall fixed or under desk mounts with vertical, horizontal or folding slotted cassettes that can be populated with AV peripherals.

The VertiSlide Serviceable Cassette Mount range consists of wall fixed screen mounts with vertical or horizontal sliding & detachable slotted racks for mounting AV equipment. There are three models for different screen sizes. The equipment is hidden behind the screen. Depending on the model, in the event of a swap out the rack can be unlocked, slid down or across and detached if necessary. VertiSlide is a universal unit designed for most screens with the rack positioned towards the bottom of the screen.

An under desk version is also available and incorporates a hinged slotted removeable rack for mounting AV equipment such as players etc. When installed the equipment is hidden under the desk but in the event of a swap out the rack can be unlocked, hinged down and detached if necessary to carry out the maintenance. Has easy close counterbalance mechanism.

Horizontal Serviceable Cassette Mount

Order Code
HTS1 Screens - 71" to 110" max 110kg
VESA - 200 x 200 to 1000 x 600

Projector Suspension Units

Standard colour Sinterflex Black – also available in Sinterflex White

UNICOL PSU
Unicol Projector Suspension Units

Our PSU (Projector Suspension Unit) range covers all makes of projectors. Each mount is specifically designed for the individual projector models listed, supporting the projector either inverted or in a cradle according to manufacturer's recommendations.

Direct Fixing

The preferred method of projector mounting. All our PSU mounts are designed to align accurately with the projector mounting holes and take account of cooling or lamp access needs.

All PSU mounts are now available as micro adjustable versions having 2 axis, level & tilt. (See centre panel).

Order Code

- PSU** Standard direct fixing version
- PSC** Cradle direct fixing version
- VSU** Vertical down aspect version
- PPSU** Portrait version
- PSM** Micro-adjustable version

Cradle Units

An alternative method of projector mounting, either to meet a projector's optical needs or to give protection to projectors when used in 'location to location' or hire circumstances.

Micro Adjustment®

This 2 axis micro adjustment factory fitted option is available for most PSU units and provides a range of precision adjustment in level and tilt.

Trim Disc

Gives a neat finish where columns pass through suspended ceilings.

Order Code
TDR1

Retro Trim Disc

Allows fitting after installation for a neat finish.

Order Code

Gyrolock® ~ With Trilok® Docking System

The Trilok docking system uses a standardised 'bayonet style' fitting to carry projector mounting plates made specifically to fit each make & model of projector (a universal version also listed). The docking system allows easy projector set up, removal for routine maintenance and for future model change.

- * Now in white as an option – The GK1 version fits anyway up, ceiling, wall or base fixable
- * Projector locks into Trilok® docking system, using either our dedicated Gyrolock Adapter Plates (GAP) or universal adapter (GAPU)
- * Full tilt & turn adjustment for easy set up
- * Telescopic – for use through suspended ceilings or in any high, low or normal headroom situation
- * Safety rated for projectors up to 20Kg ceiling mounted, 12Kg wall mounted (GK1 only) & 12Kg if using a universal GAP plate (GAPU)

Shown in white as a no cost option. Black as standard

Select any of these versions to suit your headroom needs.

All use the Trilok docking system and are supplied with either a dedicated projector mount (GAP) or optional universal adapter plate (GAPU) if compatible.
